S I F A T U L(시파툴) I S L A M

I enjoy working on my own initiative and in a team too. I am seeking to gain experience, learn the necessary skills to excel in software development, and make our world a better place.

WORK EXPERIENCE

MoneyBrain, **Fullstack Developer**   Jan 2020 – Now

- **TEVI.AI**   Aug 2020 – Now

    - **As a team of four, we succeeded to make a prototype within a few weeks** and attract government and private investors.

    - **Full-stack** development in MongoDB, Express**, React.js, Node.js**.

    - Single handedly coded the new backend, major contribution to the front end; actively managing and monitoring infrastructure on AWS, EC2 and S3.

- **SPEAK NOW**   Jan 2020 – July 2020

    - **Increased new premium purchase count from two to six per day,** launched in three countries within six months.

    - **Full-stack** development in MongoDB, Express, **Angular.js, Node.js.**

    - Major contributions in both frontend and backend while implementing new features (i.e SMS authentication, online purchase, Google analytics, TTS, STT, A/B testing service etc.) and bug fixing.

MGH Group, **Android Develope**r   Sep 2018 – Feb 2019

- **Successfully surged the ride count to 300% per day.**
- Frontend development in JAVA.
- New design and features implementation (i.e digital payment, Firebase notifications etc.) and resolved bugs in google map.

WebAble Digital, **Web Developer**   May 2018 – Aug 2018

- Single handedly delivered multiple websites in Wordpress and assisted the team to rapidly produce large scale websites in Laravel.

Durbar Software, **Fullstack Web Developer**   May 2015 – Apr 2016

- Worked on one large scale government projects, and multiple outsourced projects.
- Full-stack development using Codeigniter framework, and MySQL.

RELEVANT SKILLS AND KNOWLEDGE

- AngularJs, ReactJs (NextJs)
- NodeJs (Express), MongoDB, MySQL
- AWS: EC2, S3
- Software Documentation, Git, Jira, Trello

EDUCATION

l Sep 2017 - 2020 Feb   Chungbuk National University, **South Korea.**
Masters in **Computer and Communication Engineering.**
CGPA: 3.5 / 4.5

LANGUAGE PROFICIENCY

- Bangla (Native)
- English (IELTS 8.0 | TOEIC 865)
- Korean (Level 2)
