PROJECTS

Work for [Durbar](#)

Alumni Association BRAC University — A Job And Event management Portal

I got a chance to contribute in the front-end , and fix bugs for the back-end of this project.

http://event.aabracu.net/

Health Ministry Attendance Management System

First big project with large database and critical challenges. Learned best of project handling and meeting deadline here.

http://app.dghs.gov.bd/dghseams/attend/

Work for [Zerothtech](#)

Onanno Travel — A Tourist agency site

This is an italian client. This is my first outsourced project; cross language communication was the challenge
